

BARRIQUE BLANC

de la Jasse

The elegance of Chardonnay, the finesse of the barrel and the freshness of the terroirs. These three ingredients make the Barrique Blanc de la Jasse a journey as complex as refreshing under the southern sun. Our selection of Chardonnay ages in a selection of barrels specially made for white wines. They bring just the wooden touch Chardonnay needs to illuminate your palate.

Your taste buds will travel all the way to South of France, when the sun is setting and the fresh night arrives. Now, all you need is a glass of Barrique Blanc to enjoy your time.
